

PIONEER 244

Quiet oilless compressor, ideal for all applications requiring low noise emissions.

Non-lubricated compressor equipped with a pumping unit in a modern and innovative design. The low-speed motor is extremely quiet, ideal for all applications requiring low noise emissions. Equipped with a compact and space-saving 10-litre tank, all components are protected by the steel structure. The controls are centralised in the control panel for easy operation. The fixed handle integrated into the structure is suitable for transport either raised or pulled on wheels.
