

PULSAR K30 T7,5 SD

Professional silent two-stage belt driven compressor, compact and robust.

Compact and robust professional silenced compressor with a powerful, highly reliable 7.5 hp pumping unit. Suitable to be placed close to the application because it is very quiet. Equipped with a star-delta starter and an electronic self-diagnosis and control board. It is also equipped with an additional intake silencer, a forced fan for better cooling and a pulsation dampening tank with condensate drain.
