

MK102-100-2

Professional single-stage belt driven compressor, suitable for craftsmen and small industries.

A three-phase single-stage belt transmission compressor designed for intensive use, it features a pumping unit with extremely reliable cast iron cylinders and a robust metal belt cover protecting moving parts. Controls located at the front of the machine ensure easy operation. The 100-litre tank with large wheels, two pivoting wheels and the convenient full-length, angled handle ensure easy transportation.
