

BK120-270F-10-A.P.

High pressure belt driven two-stage compressor, suitable for car repair shops and tyre shops.

High-pressure two-stage belt compressor particularly suitable for car repair shops, tyre shops and professionals requiring working pressures up to 28 bar. It is equipped with a highly efficient 10 hp pumping unit with cast iron cylinders with large manifolds and finned tubes for better air cooling and robust metal belt covers protecting moving parts. The 270-litre tank for a large air reserve with four sturdy feet with anti-vibration mounts make it stable during operation.
